

The Miramar College Foundation invites you to actively participate in the future of education and make your message a permanent part of Miramar College history!

By buying an engraved brick, bench, flag or by sponsoring a tree, you will leave a lifetime legacy and help ensure that Miramar College remain a recognized provider of education and training on the leading edge.

Give your name a permanent place at the College, honor graduates, family members and friends, or celebrate a special event or memory in a unique and lasting way. Laser engraved bricks, trees, benches and flags will become a permanent part of a beautiful, student plaza located between the spectacular new state-of-the-art Science/Technology and Advanced Transportation Technologies buildings on the Miramar College campus.

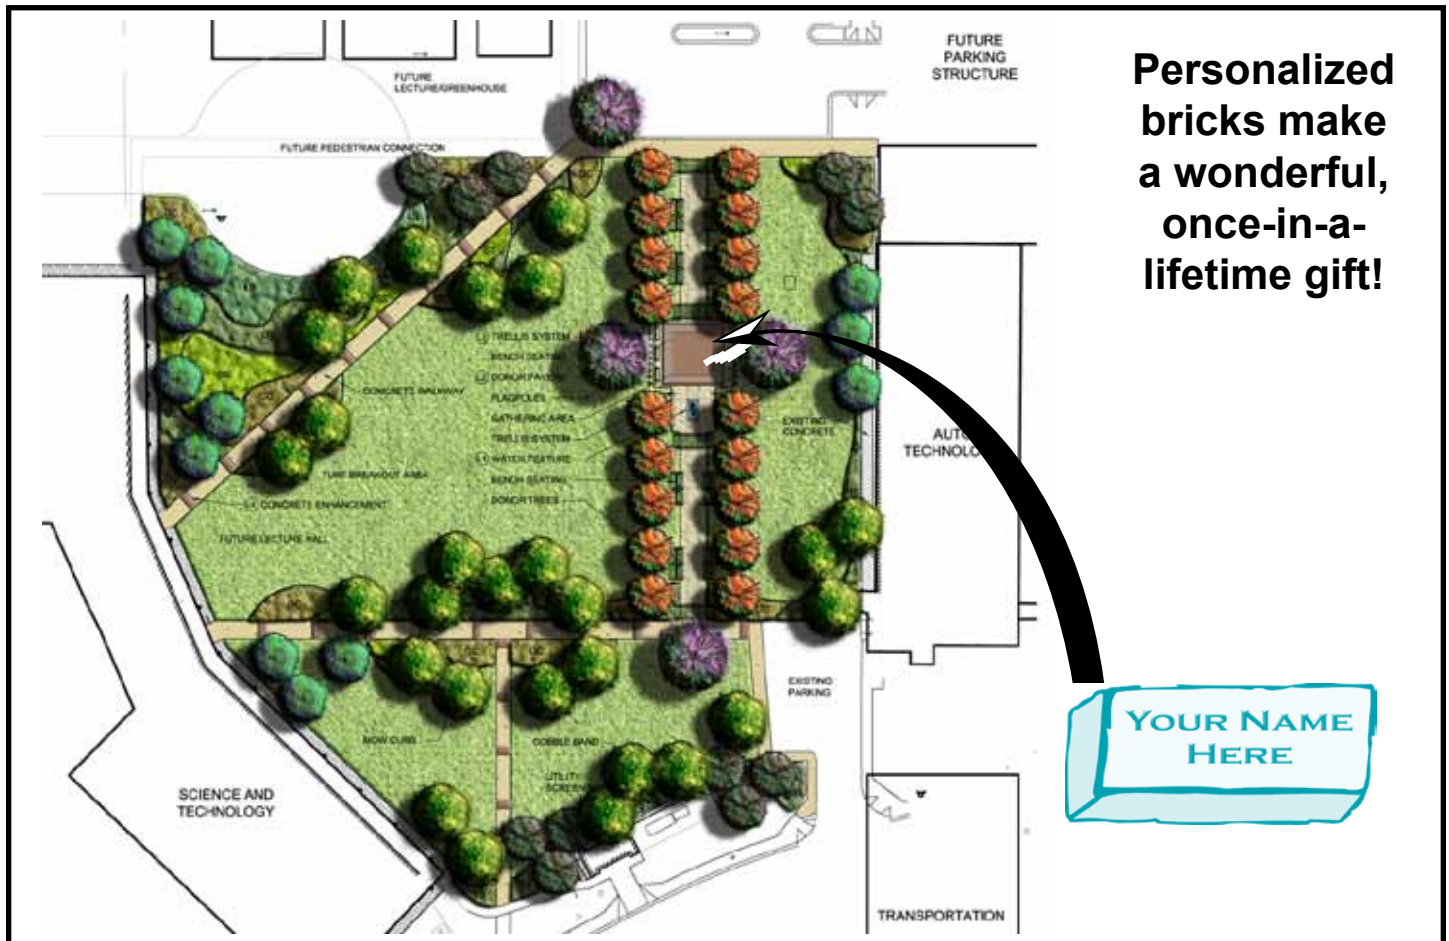

Each sponsor will receive a receipt, recognition certificate and card that identifies the location of the brick, tree, bench or flag once it is in place. All donations are tax-deductible to the extent allowed by law. Identical mini replicas of your purchase, reprising your message, are sure to become treasured keepsakes, celebrating your involvement in the College and commitment to education.

If you would like to have a family member, friend or associate choose their own message, gift certificates for bricks are available on request. All proceeds will support education and technology needs of Miramar College students!

Don't miss out on this very special, limited commemorative opportunity.
